

Ticketing Module

Streamlined Ticketing Process

Is finding the right ticketing solution for your venues more trouble than you thought?

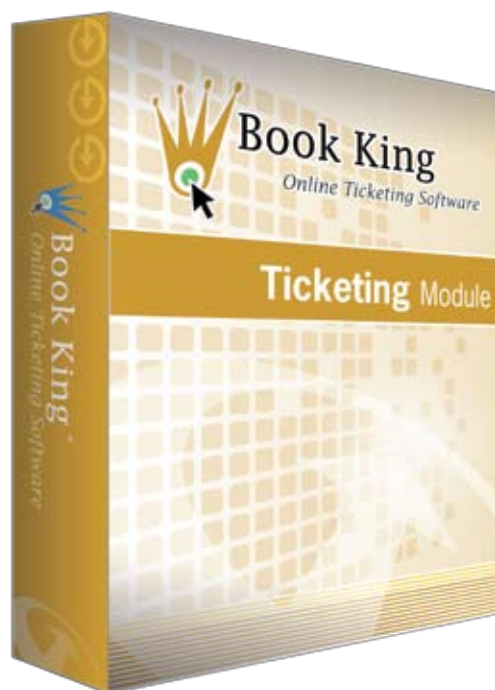

Book King will resolve your ticketing issues with a complete and affordable web based ticketing solution.

Providing a simple and secure interface for your customers to search and purchase tickets can be the difference between a successful and an unsuccessful event.

Book King's Ticketing Module is the perfect solution to manage your events and maximize your ticket sales. The Ticketing Module allows you to issue e-tickets and/or print physical tickets for any event, no matter how large or small. Access reporting, invoicing and event management through an intuitive interface.

Book King is a 100% web based solution and supports Microsoft Windows, Mac, Linux and Unix operating systems with Internet Explorer, Netscape, Firefox or Safari web browsers.

The Ticketing Module provides a streamlined ticketing solution for small, medium and large organizations. Integrate with our Scheduling Module for facility and resource scheduling.

Customer Quotes

"Working with Book King to develop a ticketing module was a great experience. It has saved Pearland ISD countless hours. We are able to send out invoices for season tickets in a couple of hours instead of working a couple of days. Both sales and invoicing have been made simpler and quicker."

Keith Ordeneaux, Facilities Manager, Pearland Independent School District, Texas

"Being a volunteer organization with many different people who have to use Book King, the set up, training and support has really made all the difference for us."

Lou Schwing, Camping Chair Verdugo Hills Council, Boy Scouts of America
